

Major event for
car enthusiasts and
automotive professionals
The entire automotive
industry in one event

Riga International
Motor Show
6-8 April
Kipsala, Riga,
Latvia

Auto 2018 – a special event for the automotive and transport business!

From **06–08 April 2018**, Kipsala International Exhibition Centre in Riga, Latvia, will offer the **16th International Motor Show "Auto 2018"** that traditionally covers the major automotive trends and brings together both professional and general audience. "Auto" is an effective and accessible business tool and a great source of information. Its mission is to encourage strategically successful transregional partnerships in the transport sector. "Auto 2018" thematic sections:

- "Auto" – brand new cars
- "Transport Engineering" – transport engineering, industrial vehicles and services
- "Auto Mechanics" – garage equipment and auto accessories
- "Auto Exotica" – auto tuning show (in a separate pavilion)

Participants of "Transport Engineering" are engaged in the following fields:

- Freight and passenger transportation
- Road construction and maintenance machinery
- Municipal, public utility vehicles
- Transport equipment and warehousing systems
- Freight reloading and lifting equipment
- Special purpose commercial vehicles (semi-trailers, trailers etc.)
- Logistics services

Three halls – three times bigger exhibition!

Organiser

The exhibition is organized by the International Exhibition Company BT 1 – a full-service exhibition company that organises high-level international and national exhibitions, forums and fairs since 1995. BT 1 annually holds more than 30 exhibitions.

Do not hesitate to apply timely!
See you in Riga!

Yours faithfully,

Mr. Agris Reihmanis
TRANSPORT ENGINEERING Project Manager
International Exhibition Company BT 1
